

Laboratory Science Profession

Profession in high demand

- Numerous and varied job opportunities
 - Phlebotomist
 - Laboratory aide
 - Clinical Laboratory Technician / Medical Laboratory Technician
 - Clinical Laboratory Scientist / Medical Technologist
 - Cytotechnologist
 - Histology Technician
 - Histology Technologist
 - Cytogeneticist
 - Molecular biologist
- Profession ranked in the top 18 of “best jobs” in comprehensive national survey
- Positions available for Master degree and PhD level practitioners
- Unlimited choice of practice settings: hospital, reference laboratory, physician office, research, industry, biotechnology....

Career Description

Medical laboratory professionals perform laboratory tests necessary to provide information for use by physicians in detecting, diagnosing or treating diseases. They are vital members of the health care team; 70-80% of all clinical diagnosis is based, in some way, on laboratory test results.

Training and Requirements

The minimum education requirements for the **Clinical Laboratory Scientist (CLS) / Medical Technologist (MT)** is the completion of a Bachelor’s Degree program, which includes three to four years of course work plus a clinical experience in an accredited educational program in clinical laboratory science. Academic course work is available at Central Washington University, Eastern Washington University, Pacific Lutheran University, Seattle Pacific University, Seattle University, the University of Washington and Washington State University. The education programs providing the clinical experience are Sacred Heart Medical Center, the University of Washington, and the Yakima Regional CLS Program.

The most common training for the **Clinical Laboratory Technician (CLT) / Medical Laboratory Technician (MLT)** is a two-year Associate Degree program. In

Washington, training for CLT/MLT-AD is available at Clover Park Technical College, Shoreline Community College and Wenatchee Valley College. Wenatchee Valley College also has regional programs located in Spokane, Omak, Tri-Cities, and Moses Lake.

There are no schools for **Cytotechnology (CT)** in Washington at the current time. Information about Cytotechnology can be obtained from the American Society for Cytotechnology at www.asct.com. Clover Park Technical College in Lakewood has an associate degree histology technician program. Information can be found at <http://www.cptc.edu/wrl.asp?iSRN=11073&t=wrl>. The National Society for Histotechnology at www.nsh.org can also provide information on Histotechnology careers.

Information on **cytogenetics** training, can be obtained from the Association of Genetic Technologists at www.agt-info.org.

Skills needed include:

- Aptitude for science course work
- Good eye/hand coordination and manual dexterity
- Good communication abilities
- Ability to work with precision and accuracy
- Ability to problem solve
- Ability to work well under pressure
- Ability to work as a team player

Training Programs In Washington State

Clinical Laboratory Science / Medical Technologist Programs (Bachelor Degree):

Sacred Heart Medical Center

School of Medical Technology
101 West 8th Avenue
Spokane, WA 99220

Contact: Cynthia Hamby
Phone: (509) 474-3339
e-mail: hambyc@shmcc.org
Website: www.shmcc.org

University of Washington

Medical Technology Program
Department of Laboratory Medicine
Box 357110
Seattle, WA 98195

Contact: Mary Lampe, PhD
Phone: (206) 598-2135
e-mail: lampe@u.washington.edu
Website: <http://depts.washington.edu/medtech>

Heritage University CLS Program

3240 Fort Road
Toppenish, WA 98948

Contact: Terese Abreu
Phone: (509) 865-8642 509)
e-mail: clinicallab@heritage.edu
Website: <http://www.heritage.edu/FutureStudents/UndergraduatePrograms/tabid/166/Default.aspx>

Clinical Laboratory Technician / Medical Laboratory Technician Program (Associate Degree):

Clover Park Technical College

Medical Laboratory Technician Program
4500 Steilacoom Blvd. SW
Lakewood, WA 98499-4098

Contact: Anne O'Neil
Phone: (253) 589-5625
e-mail: anne.oneil@cptc.edu
Website: www.cptc.edu/wrl.asp?iSRN=11021&t=wrl

Renton Technical College

Medical Laboratory Technician Program
3000 NE 4th Street
Renton, WA 98056

Contact: Michael Sealfon, PhD
Phone: (425) 235-2352 Ext 2018
e-mail: msealfon@rtc.edu
Website: www.rtc.edu/programs/TrainingPrograms/CertifiedMedicalLabTech/

Shoreline Community College

Medical Laboratory Technology Program
16101 Greenwood Avenue North
Seattle, WA 98133-5696

Contact: Molly Morse
Phone: (206) 546-6947
e-mail: mmorse@shoreline.edu
Website: <https://www.shoreline.edu/MedicalLab01.aspx>

Wenatchee Valley College

Medical Laboratory Technician Program
1300 5th Street
Wenatchee, WA 98801

Contact: Pamela Wilson-McNamara
Phone: (509) 682-6668
e-mail: pwilson-mcnamara@wvc.edu
